Dear Colonel Knight,

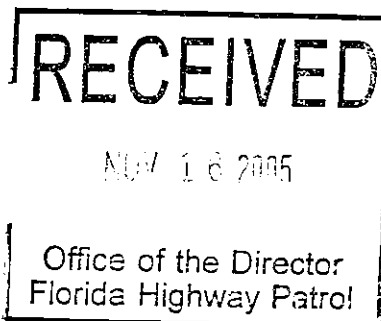

It was great to speak with you. Again, please thank the troopers of the Florida Highway Patrol who supported our efforts in Key West. I cannot begin to show my appreciation for the job they performed. They are truly an asset for the law enforcement community and the State of Florida.

Whether directing traffic, helping to remove trees from the homes of law enforcement brethren or crowd control during an impromptu Fantasyfest, they were exemplary. In my 30 years of law enforcement, I have rarely seen such professionalism. If all the troopers are of this caliber, the state of Florida can be extremely proud.

Again, please pass on my deepest appreciation to each one of these troopers. They were great and I look forward to their return for Fantasyfest in December 05.

Sincerely,

William A. Mauldin
